

ColorMap

Description:

Change the ColorMap of the active image. The proposed predefined ColorMaps are:

-  Jet
-  Jet Inverse
-  Jet Reverse
-  Jet Reverse Inverse
-  Gray
-  Gray Reverse
-  Hsv
-  Hsv Inverse
-  Hsv Reverse
-  Hsv Reverse Inverse

Select a ColorMap will change and update automatically all the active image with the new Color Palette.

Note: this functionality is only valid if the active image is a 256 Colors Windows Bitmap image.
